PREFACE.

At the request of several scholars, Indian and foreign, the preparation of an index to the Annual Reports of the Mysore Archæological Department was taken up in 1918 by Rao Bahadur R. Narasimhachar, M.A., who was then Director of Archæological Researches in Mysore. The manuscript was got ready for the press in 1922 and consisted of the index for the Annual Reports issued from 1906 to 1920. When the printing of the manuscript was nearly finished in 1928, a supplementary index was prepared for the Reports of 1921 and 1922 as it was found necessary to make the index complete down to 1922, after which date each report has its index appended to it. A list of illustrations contained in the reports was also added to facilitate reference. The volume thus contains an index of the proper names and illustrations found in the Annual Reports of the Mysore Archæological Department from 1906 to 1922.

No effort has been spared to make the work accurate and reliable but as the index was compiled by various hands at different times it is possible that some errors and omissions have crept in. Much of the work has been edited by Mr. R. Rama Rao, B.A., Assistant to the Director of Archæological Researches in Mysore under the instructions of the head of the department.

MYSORE,
December 1929.

M. H. KRISHNA IYENGAR,
Director of Archæological Researches in Mysore.
